

Field Service Technician / 309A Apprentice

Job Description

Why Horst Systems?

- Prove yourself in the field as part of the Service Team and
 - earn the opportunity to get signed up as a 309A Apprentice, or
 - take on a leadership role on the Service Team and run your own truck and crew.
- Work and train with a team of highly-skilled tradespeople who are physically fit and passionate about the work they're doing
- Enjoy up to four weeks of vacation per year (2 paid / 2 unpaid) after 3 months of service
- Earn a competitive wage and year-end performance bonuses

What will you do?

- Travel to client sites to service and repair material handling and storage equipment
- Perform preventative maintenance on material handling and storage equipment
- Exercise excellent communication skills and develop good working relationships with customers
- Accurately complete work orders for each job, maintenance checklist and daily time sheets, safety forms etc.
- Assist with other projects/tasks during gaps in service calls

What will you need to qualify for the position?

- At least 1 year of relevant service or installation experience
- Ability to review and understand engineering specifications, technical manuals, wiring diagrams, flow schematics, drawings, websites and databases to assist with the diagnosis and repair of equipment
- Excellent customer service skills
- Ability to meet the physical requirements of the job, including but not limited to lifting up to 75 lbs, climbing ladders, and working at heights
- Valid driver's licence and a good driver's abstract
